Services We Offer

At **Granil PolyTrade**, we supply a wide range of high-quality raw materials, including Commodity Polymers, Engineering Polymers, and Reprocessed Polymers to meet the needs of various industries across India.

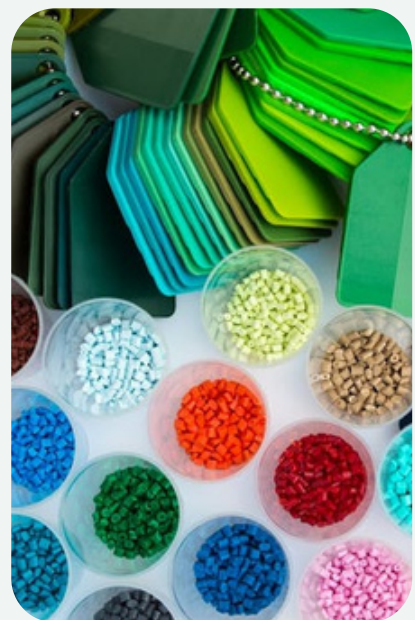

Our Commodity Polymers include LDPE, LLDPE, HDPE, PP, PPCP, PVC Resin, and PET, which are widely used in packaging, molding, construction, and consumer goods manufacturing.

Our Engineering Polymers such as ABS, Nylon, GPPS, HIPS, and EVA are designed for applications requiring superior strength, durability, and performance, making them ideal for automotive, electrical, and industrial use. We also offer Reprocessed Polymers, providing cost-effective and sustainable material solutions for a wide range of manufacturing applications.

With strong sourcing capabilities and a reliable pan-India supply network, Granil PolyTrade is committed to delivering quality materials, competitive pricing, and dependable service for all your business needs.

(Built on Trust. Driven by Trade)

Products

LDPE

Applications:

- Film manufacturing
- Carry bags
- Lamination
- Coatings
- Packaging rolls

PP (Polypropylene)

Applications:

- Household items
- Automotive parts
- Packaging
- Fibres & fabrics

LLDPE

Applications:

- Stretch & shrink films
- Liners
- Industrial packaging
- Moulding items

PVC Resin

Applications:

- Pipes & fittings
- Cables
- Doors & profiles
- Flooring

HDPE

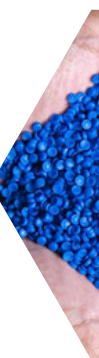

Applications:

- Water tanks
- Injection moulding
- Household products

PET

Applications:

- Bottles & containers
- PackagiFeatures:

Products

EVA

Applications:

- Footwear
- Solar sheets
- Packaging foam
- Hot-melt adhesives

ABS

Applications:

- Toys
- Auto parts
- Electronics
- Appliance housings

HIPS

Applications:

- Disposable cups
- Packaging
- Toys
- Household items

10 GPPS

Applications:

- Clear containers
- Lighting fixtures
- Display items

PPCP

Applications:

- Household items
- Automotive parts
- Packaging
- Fibres & fabrics

Reprocessed Polymers

Applications:

- Plastic packaging
- Household products
- Automotive parts
- Construction materials
